

Online Classes

Online classes are held regularly from Monday to Saturday (Excluding Sundays and other public Holidays).

All the Students are expected to attend online classes without fail.

There is no separate charges for online classes.

Noon Shift

After adequate training for the teachers we began online classes on 19th April, 2020. It was an attempt to impart lesson to the students during the lockdown period. We were able to cover the students from class - 5 to class 12 with online live classes. The students have the opportunity to interact with teachers online. The responses are quite satisfying as we have an average attendance about 70% in a class, of course the attendance varies from class to class. These are interactive classes. In case a student missed the live class he/she can access it in a recorded format as well. Notes for different subjects are also uploaded in the school website. Separate time table for each class for online classes are made available.
